

# All New Dice Activities!

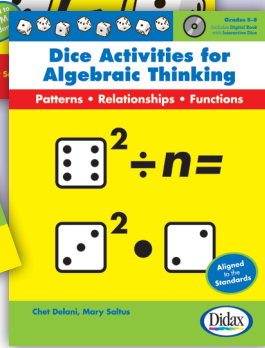

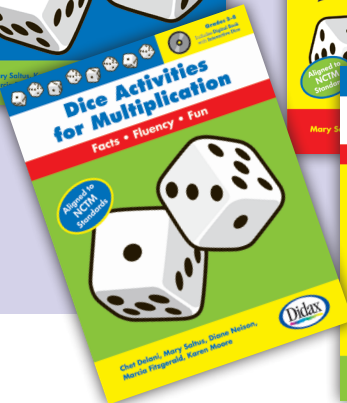

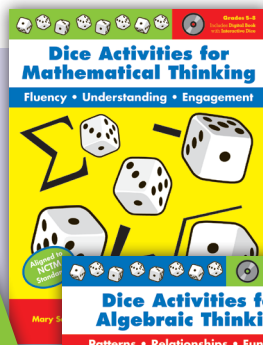

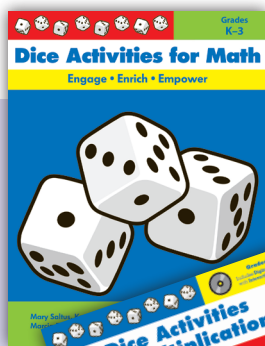

**NEW!**

## Fraction Games & Activities with Dice

The more than 70 dice activities in this book go beyond conventional algorithms to awaken students' commonsense grasp of fractions. Working with fraction bar charts, number lines, and dice, students develop fluency with fractions through play and meaningful experiences. With engaging games students identify proper and improper fractions, find equivalent fractions, perform the four operations on fractions, and explore inequalities. Each section includes detailed teacher notes. 128 pages. Grades 4–5.
